# **ECO SBLOC**

### Lubricating unblock grease

**CHARACTERISTICS:** 

- suited to unblock any kind of gears, cables, chains, engines, etc.;
- it prevents problems of filling of metallic material during working time without using a freezing liquid:
- it contains a very efficient mixture of lubricants, solvents, penetrating agents, corrosion inhibitors and protective agents;
- it contains anti-oxidising agents to protect metals for long time;
- long-term protection against corrosive attacks;
- it does not attack paints, synthetic rubber and plastic materials;
- its high penetration grants to oil inside pieces, difficult to reach;
- it works in a short time;

- perfect lubrication under 0°C temperature too.

**DILUTION: READY FOR USE.** SHAKE THE CYLINDER BEFORE USING.

**USE:** spray the product directly and uniformly on the surface to oil; let the product work

then start to unblock the piece.

Labelling according to Regulation (EC) No 1272/2008:

Hazard statement Danger Extremely flammable aerosol.

**Code(s):** Pressurised container: May burst if heated.

Precautionary statements: Keep out of reach of children.

Keep away from heat, hot surfaces, sparks, open flames and other ignition

sources. No smoking.

Do not spray on an open flame or other ignition source.

Do not pierce or burn, even after use.

Protect from sunlight. Do no expose to temperatures exceeding 50 °C/122 °F.

Contains: Content of VOC ready to use condition: 100,00 %

#### PROFESSIONAL USE ONLY

DO NOT GET RID OF THE CONTAINER IN THE ENVIRONMENT AFTER USE.

CODES: SPSBLOCM4003471

IT CONTAINS NEW GENERATION PRESSURING AGENTS NOT POLLUTION MAKERS FOR THE OZONE OF THE STRATOSPHERE; THAT'S WAY IT IS CONSIDERED AN ECOLOGICAL PRODUCT.

DO NOT GET RID OF THE CONTAINER IN THE ENVIRONMENT AFTER USE.

# **ECO INOX**

### Specific cleaner for polished or glazed stainless steel

CHARACTERISTICS: suited for washing inox steel / stainless steel surfaces of lifts, equipment in

general, etc.;

it degreases, cleans and polishes at the same time;

it leaves the treated surface shining;

**DILUTION: READY FOR USE.** 

USE: spray the product uniformly on the surface to clean.

Because of its high solvent powder, polish manually the wet surface by a wiper

immediately.

It is better to clean small areas, one by one, the product dryes quickly !!!

Labelling according to Regulation (EC) No 1272/2008:

Hazard statement Danger Extremely flammable aerosol.

Code(s):

Pressurised container: May burst if heated.

Precautionary statements: Keep out of reach of children.

Keep away from heat, hot surfaces, sparks, open flames and other ignition

sources. No smoking.

Do not spray on an open flame or other ignition source.

Do not pierce or burn, even after use.

Protect from sunlight. Do no expose to temperatures exceeding 50 °C/122

°F.

Contains: non-ionic surfactants, water soluble solvents, alcohols and perfumes.

Safety data sheet available on request for professional users

DO NOT GET RID OF THE CONTAINER IN THE ENVIRONMENT AFTER USE.

CODES: SPCLEANM4008911

## **ECO CLEANER**

### Specific cleaner for glass, stainless steel and washable hard surfaces with antistatic action

CHARACTERISTICS: this softy strong white foam is suited for any kind of hard or washable

surfaces: glass, crystal, ceramic, plastic surfaces, chromed metals,

stainless steel surfaces, textiles, etc.;

it degreases, cleans and polishes at the same time;

useful to take off dust and smog black spots;

it leaves the treated surface shining.

**DILUTION: READY FOR USE.** 

USE: spray the product uniformly on the surface to clean.

Because of its high solvent content, polish manually the wet surface by a wiper,

immediately.

It's better to clean small areas, one by one, because the product dries quickly !!!

Labelling according to Regulation (EC) No 1272/2008:

Code(s):

Hazard statement Danger Extremely flammable aerosol.

Pressurised container: May burst if heated.

Precautionary statements: Keep out of reach of children.

Keep away from heat, hot surfaces, sparks, open flames and other ignition

sources. No smoking.

Do not spray on an open flame or other ignition source.

Do not pierce or burn, even after use.

Protect from sunlight. Do no expose to temperatures exceeding 50 °C/122

°F.

Contains: non-ionic surfactants, water soluble solvents, alcohols and perfumes.

Safety data sheet available on request for professional users

DO NOT GET RID OF THE CONTAINER IN THE ENVIRONMENT AFTER

USE. CODES: SPCLEANM4003473

## **COMPUTER FOAM**

### Thick foam for keyboards

**CHARACTERISTICS:** Product designed and created specifically for cleaning the bodywork of cars

even with granular surfaces where dirt can persistently nest. Suitable for cleaning the outside of your computer and all related peripherals. Also

suitable for all office machines.

**USE:** FOR BODYWORK: spray on the surface to be cleaned and clean with a

dry cloth, being careful to eliminate any residues.

FOR KEYBOARDS: spray, leave to act for 20/30 seconds, eliminate the

foam by blowing with AIR SPRAY.

Labelling according to Regulation (EC) No 1272/2008:

Hazard statement Danger Extreme

Code(s):

Extremely flammable aerosol.

Pressurised container: May burst if heated.

**Precautionary statements**: Keep out of reach of children.

Keep away from heat, hot surfaces, sparks, open flames and other

ignition sources. No smoking.

Do not spray on an open flame or other ignition source.

Do not pierce or burn, even after use.

Protect from sunlight. Do no expose to temperatures exceeding 50

°C/122 °F.

**Contains**: Contains soaps, non-ionic surfactants. EDTA, alcohols.

FOR PROFESSIONAL USE ONLY

CODES: SPCFOAMM4003291

## AIR SPRAY

### Specific cleaner for COMPUTERS, PRINTERS & HI-FI

**CHARACTERISTICS:** 

High pressure product, it is suitable anywhere we have to remove the dust from: computers, printers, cameras, recorders, etc;

it is useful in HI-FI industry and maintenance, where precision and care are required and where dust deposits are in very strange places, impossible to be removed by normal means, etc.;

a special dispenser valve settles automatically the flow of the air;

the high pressure removes dust immediately at all.

Freezing air may be useful applied to remove chewing gum from

floors.

**DILUTION:** READY FOR USE.

USE: Before using, apply the small tube on the up side of the container!

Used in the vertical right way (small tube up): spray the air directly on the

surface to clean:

Used in the vertical opposite way (small tube down): spray the freezing air

directly on the *chewing gum* to remove, freeze it and remove it!

Labelling according to Regulation (EC) No 1272/2008:

Code(s):

Hazard statement Danger Extremely flammable aerosol.

Pressurised container: May burst if heated.

**Precautionary statements:** Keep away from heat, hot surfaces, sparks, open flames and other ignition

sources. No smoking.

Do not spray on an open flame or other ignition source.

Do not pierce or burn, even after use.

Protect from sunlight. Do no expose to temperatures exceeding 50 °C/122 °F.

Contains: Content of VOC ready to use condition: 100,00 %

#### PROFESSIONAL USE ONLY

DO NOT GET RID OF THE CONTAINER IN THE ENVIRONMENT AFTER USE.
